**DESCRIPTION OF CLASSIFICATIONS****A GENERAL ENGINEERING CONTRACTOR**

A general engineering contractor is a contractor whose principal contracting business is in connection with fixed works requiring specialized engineering knowledge and skill, including the following divisions or subjects: irrigation, drainage, water power, water supply, flood control, inland waterways, harbors, docks and wharves, shipyards and ports, dams and hydroelectric projects, levees, river control and reclamation works, railroads, highways, streets and roads, tunnels, airports and airways, sewers and sewage disposal plants and systems, waste reduction plants, bridges, overpasses, underpasses, and other similar works, pipelines and other systems for the transmission of petroleum and other liquids or gaseous substances, parks, playgrounds and other recreational works, refineries, chemical plants and similar industrial plants requiring specialized engineering knowledge and skill, powerhouses, power plants and other utilities plants and installations, mines and metallurgical plants, land leveling and earthmoving projects, excavating, grading, trenching, paving and surfacing work and cement and concrete works in connection with the above mentioned fixed works.

7056 of the Business and Professions Code (B & P Code)

B GENERAL BUILDING CONTRACTOR

A general building contractor is a contractor whose principal contracting business is in connection with any structure built, being built, or to be built, for the support, shelter and enclosure of persons, animals, chattels or moveable property of any kind requiring in its construction the use of more than two unrelated building trades or crafts, or to do or superintend the whole or any part thereof. This does not include anyone who merely furnishes material or supplies under Section 7045 without fabricating them into, or consuming them in the performance of the work of the general building contractor.

7057 of the B & P Code.

C-2 INSULATION AND ACOUSTICAL CONTRACTOR

An insulation and acoustical contractor installs any insulating media and preformed architectural materials for the purpose of temperature and/or sound control.

NOTICE TO BIDDERS

MINORITY BUSINESS ENTERPRISE (MBE) WOMEN BUSINESS ENTERPRISE (WBE) PROGRAM

The San Bernardino Municipal Water Department Board of Water Commissioners has repealed the MBE/WBE Policy previously in effect. Under their direction, the Water Department staff is in the process of developing a new implementation program to encourage MBE and WBE participation in Water Department Contracts. At this time no program is in effect.

However, the United States Environmental Protection Agency's (USEPA) conditions of grant approval require us to comply with Code of Federal Register (CFR) Section 40.31.36(e) pertaining to minority, women-owned business and labor surplus area firms. CFR 40.31.36(e) states the following:

- "(e) Contracting with small and minority firms, women's business enterprise and labor surplus area firms. (1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.
- (2) Affirmative steps shall include:
- (i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - (ii) Assuring that small and minority businesses, women's business enterprises are solicited whenever they are potential sources;
 - (iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
 - (iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
 - (v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and
 - (vi) Requiring the prime contractor, if subcontractors are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section."

In order to comply with CFR 40.31.36(e), the bidder shall take the six steps stated above and submit the attached completed forms with the bid schedule.
